

FREE MATT HALE!

Reverend Matt Hale of the Creativity Church is a political prisoner that has fought for the preservation of all White people his entire adult life. Reverend Hale is pro-White and anti-Jewish. He has been given a 40 year prison sentence for a crime he did not commit.

He was set-up by our FBI, our government in an attempt to stop his fight to save our White people. The justice system sent him to be housed in the Florence Supermax prison in Florence, Colorado where he has been in solitary confinement for over Twelve years.

This could happen to any of us. We must speak out and demand the freedom of Reverend Matt Hale while we still have the right to do so.
